examined the proposed roster for replacement of personnel now with personnel in OOI and ONS. He also examined the curricula vitae of those whose names appear on the list. He was informed that we are prepared to replace clerical personnel as well as analysts. It was suggested that he see Mr. Amory about the latter's desire to send three economists to a plan which would increase the Table of Organization from its present twelve to thirteen.

NOTE: Subsequent to the meeting with OOI obtained a copy of the new T/O for which shows seventeen positions instead of the thirteen hitherto considered. The new positions provide for increased emphasis on economic intelligence and an additional position for satellite political intelligence. As soon as OOI has given sufficient consideration to the problem of filling these new positions, a revised roster will be issued.
